ABOUT US

ACR works with the top developers in Egypt to construct quality buildings suited for their needs whether they are residential, commercial, administrative or educational. Also specialized in landscape and infrastructure, ACR is dedicated in fulfilling its promises to its clients. Ever since our establishment, our clients' database has always been expanding due to our capabilities and resources that are key to our success. Our experience in the construction industry has put us ahead of many competitors, through trust and commitment we have held the torch of development for the last 30 years and for many more to come.
